SIGNSAWARD SETTING THE TONE. SOCIAL LEADERSHIP.

The SignsAward honours outstanding sign-makers from the fields of business, politics, science and culture and thus sets an example for society.

It stands for social recognition and as an award for courageous, impulse-giving personalities and companies.

In the anniversary year 2021, the “angle of vision” of the SignsAward is even more focused - towards society orientation.

SIGNSAWARD SOCIAL RESPONSIBILITY | SOCIAL LEADERSHIP

The SignsAward honours all those, who go ahead, who want to move and make a difference:

- Create added value outside the direct sphere of action
- Set an example of values
- Have openness of thought
- First and foremost, have the courage to take the many risks involved in implementation.

There are countless examples; the SignsAward honours exemplary individuals, personalities and companies as role models and masterminds who bring concepts such as **relevance, impact and purpose** and **sustainability** e.a. to life, live them out in everyday life and implement them in an exemplary manner. The laudators also speak not only for the Award winners, but for Social Leadership that is lived and experienced; they are chosen with care and stand for vision and further thinking.
